

Virtual Training

IPS Overview for Administrators:

Organization, Staffing and
Structure

January - June 2026 California Schedule

These one-hour virtual training courses are built to support IPS implementation planning. Each month will have a different topic, and an exercise intended for IPS Administrators. The meeting will be comprised of a topic presentation and will allow time for IPS Administrators to discuss the subject with each other. Who can join? All county and behavioral health administrators interested in IPS are welcome! The training courses are available at no cost.

Please remember to check the website for updates.

Please note – brief registration required.
