

## IPS EDI Committee

**We are here, we are here, we are here!** Announcing the International IPS Learning Community's Equity, Diversity, and Inclusion (EDI) Committee; promoting ongoing learning and sharing that increases equity, diversity, and inclusion throughout the IPS Learning Community and across all IPS stakeholders.

Data Subcommittee is working to uncover EDI data variables that point to a needed increase in IPS services for underserved populations and improvements in equitable access.

Training Subcommittee seeks to create tools that will enhance EDI emphasis in the Career Profile, 101 training, supervisor/practitioners online training and the fidelity review, as well as develop an EDI Tool Kit/Curriculum that can be used by everyone.

Communications Subcommittee announces EDI related resources, events, and information. Assists with representing the EDI Committee on International Learning Community calls and the Annual Conference. Works to enhance EDI communication with stakeholders.

### **EDI Committee Members welcome your thoughts and can be reached by email.**
